

Training Course “Don’t h@te!”

02 – 10 November 2023, Arrouquelas, Rio Maior, Portugal

I. Introduction

Training on improving youth work tools and methods on fighting against online and offline hate speech and hate crime towards minorities including roma, refugee and migrant young people.

II. Themes of the training

Address hate speech and hate crime strongly present in communities and countries all around Europe towards especially minorities including roma, refugees and migrants. Hate speech and hate crime can have devastating impact on young people self-confidence, self-believe and health. That is why it is important to address it and fight it.

The overall aim of the training is to improve intercultural competences of youth workers for them being capable to invent and implement youth work methods and tools on preventing and dealing with online and offline hate speech and hate crime among young people especially towards minorities, including roma, refugees and migrants young people.

III. Learning objectives of the training are

- To deeper understanding of the participants and participating organizations on the roots, forms and consequences of hate speech, especially on the link between hate speech and hate crime;
- To increase competences of the participants and participating organizations to address offline and online hate speech in their communities and contribute to breaking stereotypes, prejudices, discrimination and racism that are facing various groups in participating countries, especially minorities including refugees and migrants;
- To develop competences of the participants and participating organizations to create and launch campaigns, awareness raising actions fighting the roots of hate speech and hate crime and fighting discrimination and racism;
- To strengthen competences of the participants to effectively use various media, including social one, as tools for awareness raising on the issue of online and offline hate speech and hate crime;
- To develop communication, teamwork and leaderships skills of the participants in intercultural settings;
- To support creation of new contacts among the participants and their organizations and develop new projects ideas that could be implemented with support of Erasmus+ Programme

IV. The methodology of the training

The training will be based on non-formal learning methodology such as name games, ice-breakers, team building activities, discussions on non-formal education and its elements, presentation of Youthpass, exploring key competences through group work, energizers, individual work, group work, interactive inputs on main topics, discussions, debates, role plays on stereotypes, prejudices, simulation on social exclusion. During the days the participants will take part in reflection groups to reflect on their learning process. Participants will receive input on key elements of campaigns, will get to know several tools that they can use in the process of creating campaigning. Participants will be responsible to launch these campaigns in their communities. Experienced international trainers team will set up the learning environment and facilitate the learning process.

The training course will be learner centred.

V. Who can participate in the training

1. Youth workers, youth leaders, social workers, psychologists, teachers older than 18 and directly working with young people with fewer opportunities general and especially young people with minorities, roma, refugees and migrants background;
