About Nagyvázsony

Our village, with 1,800 inhabitants, is in western Hungary, not far from Lake Balaton. It has a primary school, a kindergarden, three little supermarkets, a bank, a post office, cafés, some hotels, a small gym, our youth center and a lot more.

Nagyvázsony is famous for its medieval castle that's why tourists visit the village as well

THE POWER OF TOGETHER.

You will work at our youth center, spending time with the local youth. We don't organise special activities for youngsters. Our youth center is the safe space where they can do whatever they want. There are many things to enjoy: table football, PS4, table tennis, board games, etc.

Activities

Media work

If you want to improve your media skills—like filming, video editing, photography, or managing social media (posts, stories, reels)—we'd love to give you the chance to practice! You can create content about our association, volunteer life, the village... get creative!
